LIFT OFF CORNS, MAGIC! NO PAIN

Drop Freezone on a touchy corn then lift that corn off

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic! Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn believen the toes, and calluses, without soreness or irritation. Freezone is the much talked of ether discovery of a Cincinnati genius.—Advt.

Four of the battleships, the historic squadron comprising the Orecon. Indiana. Iowa and Massachusetts have already been relegated to the scrap heap. The remaining eight, apparently doomed to the same fate, are the Kearsarge, Kentucky, Illinois, Alabama, Wisconsin, Maine, Missouri and Ohlo.

The twelve yearels, built between 1893 and 1901, represent a total expenditure for hulls and machinery alone of more than \$20,000,000. When placed out of commission, they will release for other duty approximately 10,000 enlisted men and nearly 400 officers.

The ships long ago outlived their usefulness as combatant units in a fighting fleet, although when they were built they were among the most form-

Washington, June 2.—Twelve pre-dreadnought battleships will be relieved of active duty with the fleet placed out of commission and probship will be accepted. The Iowa, Indiana and Massachusetts probably will be broken up for the metal that is in them, these three ships containing an immense amount of valuable copper and brass.

The remaining eight will probably be used as targets for experiments in the effects of modern gunfre, as was the old of Texas. It has been suggested that a number of the vessels could be well utilized as coast defense units by sinking them in shoal water at the entrance to the more important at the entrance to the more important.

The Mission of Swift & Company

Swift & Company has become one of the large businesses of the world through continuing to meet the growing needs of amation and a world.

Society has a right to ask how the increasing responsibilities and opportunities for usefulness which go with such growth are being used by the men who direct its affairs-and the men have the right to answer:

To-promote the production of live stock and perishables and increase the food supply;

To reach more people with more and better

To make a fair competitive profit, in order to reimburse the 25,000 shareholders for the use of their capital, and to provide for the future development of the business;

To reduce to a minimum the costs of preparing and distributing meat and to divide the benefits of efficiency with producer and

To live and let live, winning greater business only through greater usefulness, with injury to nothing but incompetency, inefficiency, and waste; to deal justly, fairly, and frankly with all mankind.

These are the purposes and motives of the men who direct the policies and practices of Swift & Company.
